Duluth's Skyline Boulevard is internationally famous as one of the world's most magnificent drives. This view from above Duluth's downtown district includes Minnesota Point, the harbor entrance ship canal with its unique aerial lift bridge, magnificent Lake Superior and the Wisconsin shore line in the distance. Scenic beauties such as this, together with a delightfully cool and invigorating climate, seldom exceeding 80 degrees and a variety of recreational facilities, are making this northern city one of America's finest summer playgrounds.
